

## **LOVESICK**

Wait for your love to die out.  
Catch - please - the glimpse of hope.

I never thought it gets so deep into my heart.  
Fills it with rain and fills it with pain.

**I am lovesick**

Wait for your dream to fade away.  
Catch - yeah - the last lullaby.

I never thought it gets so deep into my heart.  
Fills it with rain and fills it with pain.

**I am lovesick**
