

## WHAT IF

Look at me - what do you see?  
A handsome bloke or a very bad joke?  
I told you me trick, how to get the real kick.  
Lets your ego grow - you're part of the show.

What if I loose control tonight?  
What if I'll never know, if I'm right?

**Swallow me, without water.  
How does it feel in your throat?**

Take off your mask, it alter your task.  
So what if you fail, who's gonna send that mail?  
What do you think of that poisonous ink?  
Do you write the words, although you know it hurts?

What if I loose control tonight?  
What if I'll never know, if I'm right?  
What shall I do? What can I do for you?

**Swallow me, without water.  
How does it feel in your throat?**
